Enjoy Improved Support Service Response Times Before August

Sunday, July 13, 2014

Good Morning,

Just like you, we never want to miss a call. Avoid support call and email wait times during the busy August and September months by setting up your system before July 15. That way, our support staff can respond quickly to your requests.

In addition, don't forget to check out our new online Help Center, where you can:

- Get answers to your questions 24/7
- Post suggestions for product improvements
- Participate in Arbiter's online forum

Now, whenever you contact support, you will be given a ticket number to help expedite your needs should you make related support follow-up calls.

Thank you for your business, and we look forward to an excellent season! Have a great summer.

Regards,

Your ArbiterSports Support Team
