Starting The Season Off Right...

Tuesday, August 19, 2014

Good Morning,

The fall season is quickly approaching. To help you get ready, here's are some quick tips for maintaining your account.

1. Update your ArbiterSports profile.

If you don't remember your password, go to the Forgot Password page to retrieve it

2. Make sure your ArbiterSports and RefPay accounts are linked

If you've done this previously you don't need to do it again.

3. Set blocks for dates when you can't work, teams, sites, and more.

Here's a quick refresher tutorial..

4. Get answers to your questions 24/7 in the new Help Center*

New articles are posted every day, answering your questions before you even have to ask

5. View, post, and vote on suggestions for product improvements*

See what questions and suggestions matter to your fellow officials, and vote for improvements you want to see.

6. Participate in ArbiterSports' online forum*

Keep in touch with your community!o:p>

*To post in the Help Center, Product Feedback Forum, or Discussion Forum, you must create an account on our support site. You can login using your Facebook, Gmail, or Twitter account.

We look forward to an excellent year and wish you the best of luck this season!

Regards,

The ArbiterSports Support Team
